The Manitoba Government Inquiry team can provide answers on how current government policies may impact you, your family or your business. Thank you for taking the time to share your concerns. Feedback from the public is valuable and appreciated and yours has been noted.

Manitoba entrusts decisions regarding medical care and practice, diagnosis, treatment and prioritization of patients to the experts in the health care field.

Please be assured that provincial public health officials are constantly monitoring the risks and threats posed by COVID-19, and will continue to do so to inform Manitoba's response to the pandemic. The Manitoba government is committed to making evidence-based decisions to protect the health, safety and overall well-being of Manitobans.

We appreciate hearing your concerns. These are unprecedented times and collaborative efforts are required of all Manitobans to ensure the safety of our families, friends and communities.
